Note: Team presentations will be delivered during the IC470 period shown on the schedule by the team members in IC470 during that period. All team members (regardless of whether they are in IC470 that period) will contribute to the development of the milestone presentation materials, and will receive the same milestone grade. Team members not in IC470 during the indicated period do not have to attend the presentation (but are welcome to attend if they are free that period).
